System of Care FIVE

Goal 1: Enhancing Interagency Infrastructure

Presented by:

Beth Jordan and Vanessa Brewer, DBHDID

KY's System of Care

The State Interagency Council for Services and Supports to Children and Transition-Age Youth (SIAC)
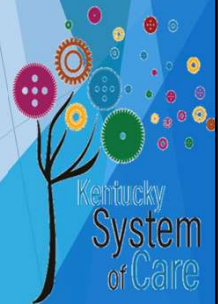

Mission: Promoting healthy children and transition-age youth across Kentucky: Building a collaborative System of Care to promote children's and transition-age youth's social, emotional, and behavioral well-being where they live, learn, work, and play.
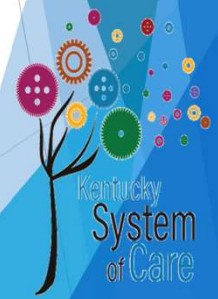

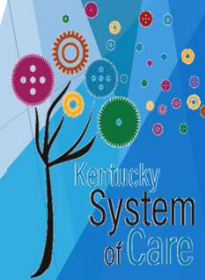

KY's System of Care

SIAC

▶ Governing body of KY's System of Care

▶ KRS 200.201 – 209

  ▶ Statutorily created body to oversee the coordinated policy development, planning, and collaborative budgeting for the purpose of developing services and supports for children and transition-age youth with or at risk of developing behavioral health needs and their families.

4

KY's System of Care

SIAC

▶ Make recommendations annually to the Governor and the Legislative Research Commission

▶ Direct each Regional Interagency Council to operate as the regional locus of accountability for the system of care & participate on FAIR Teams

▶ Assess the effectiveness of RIACs

▶ Meet at least monthly

▶ Develop a comprehensive array of services and supports to meet the needs of children and TAY with or at risk of developing behavioral health needs.

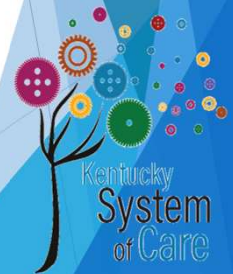

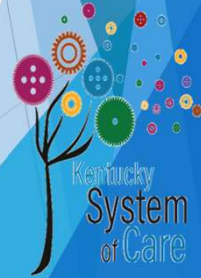

KY's System of Care

RIAC History

▶ **RIAC 1.0:** Gatekeeper of KY IMPACT Program

▶ Transition to Second Generation Model through consultation and strategic planning
  ▶ Gatekeeper responsibility removed
  ▶ Revisions to KRS 200.501-200.509

▶ **RIAC 2.0:**
  ▶ Regional locus of accountability for KY's System of Care
  ▶ Adoption of System of Care Core Values and Guiding Principles
 ▶ Staff dedicated to RIAC program to guide duties and ensure council efficiency and effectiveness.
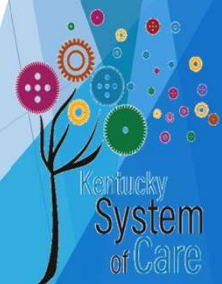

KY's System of Care

RIACs

▶ Extension of SIAC

▶ KRS 200.201 – 209

▶ Regional locus of accountability for the System of Care

  ▶ Build on existing resources for children and transition-age youth, and their families to help them function better at home, in school, in the community, and throughout life.

KY's System of Care
## RIAC Membership
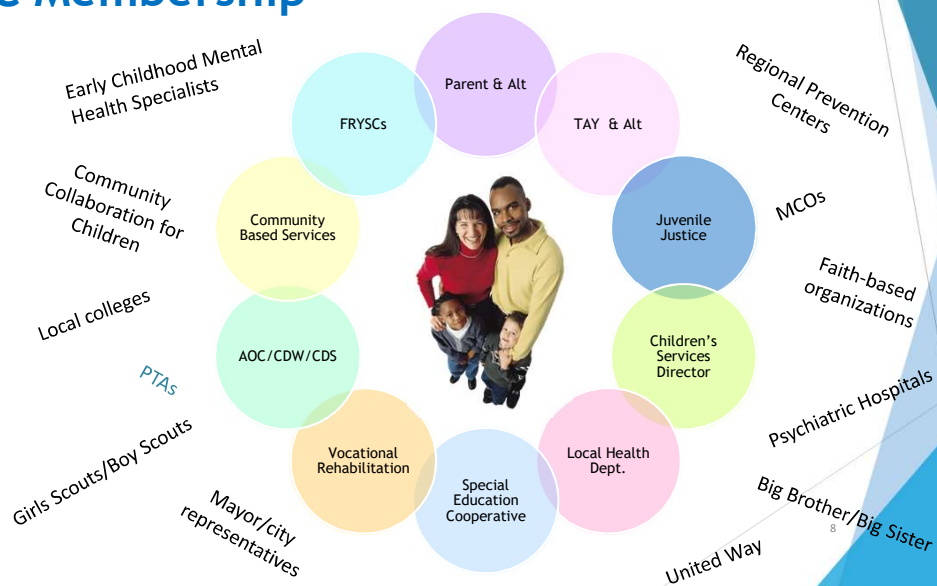

KY's System of Care

RIAC Functions

▶ Conduct regional system of care planning and operations;

▶ Coordinate system-level continuous quality improvement;

▶ Identify and develop System of Care expansion opportunities;

▶ Promote awareness of the system of care;

▶ Initiate and adopt interagency agreements as necessary for providing services and supports to children, transition-age youth with or at risk of developing behavioral health needs by the agencies represented on the council;

▶ Advise SIAC regarding the System of Care within the region; and

▶ Participate in family accountability, intervention, and response (FAIR) teams established pursuant to KRS 605:035

KY's System of Care

Action Plan:

▶ Used as a tool to document area(s) of focus/goals, relevant activities around implementation, and progress/barriers towards goals

▶ Includes:
  - ✓ Goals
  - ✓ Actionable items
  - ✓ Responsible party and/or lead agency
  - ✓ Target completion dates
  - ✓ Progress and/or barriers
  - ✓ Feedback loops

▶ Each member should have a copy or access to the current Action Plan

▶ Discussion around the Action Plan should be reflected in the meeting minutes

★ RIAC

3-2019
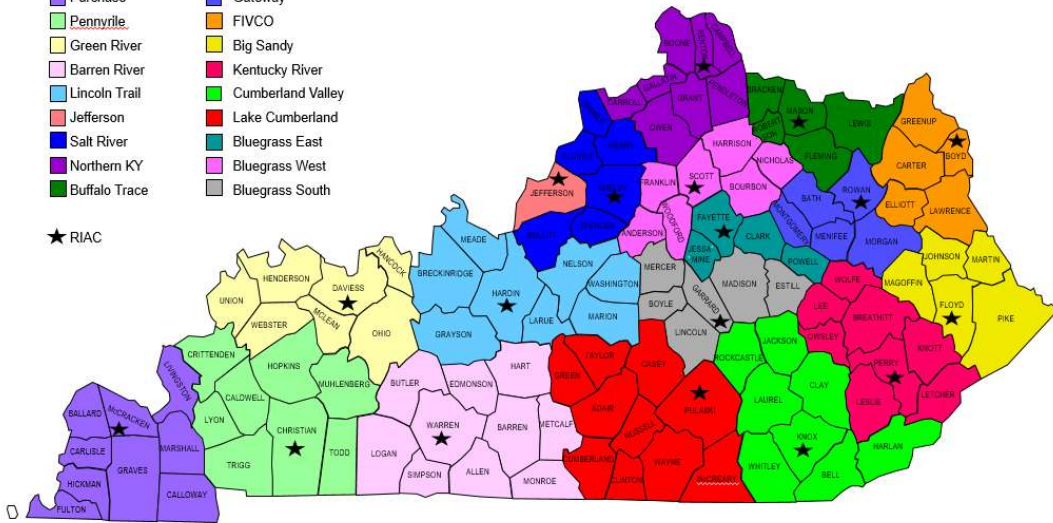

System of Care FIVE Grant

Goal #1

Enhance interagency infrastructure to support the implementation, expansion, and integration of the System of Care approach for the population focus.

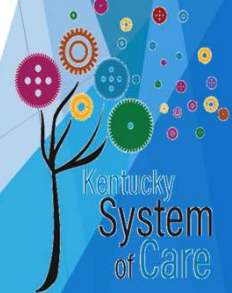

Goal #1

RIACs-

▶ As extensions of SIAC, will serve as regional governing body
  ▶ Chosen to assist with the implementation, expansion, and integration of the SOC approach to the population focus
▶ Required to have at least one activity in the action plan that supports the population of focus
▶ Responsible for submitting action plans, documenting progress/barriers, etc. on activities that support the population of focus on a quarterly basis

Goal #1

Grant Management and Implementation Teams (GMIT) -

▶ Provide the capacity to support systems change and effective implementation of a practice, policy or program

▶ Provide on-going support and visibility for changes in system structures, roles, and functions

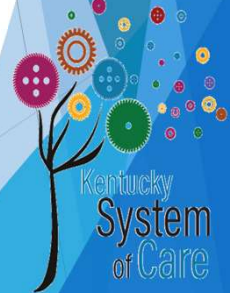

Goal #1

State GMIT

▶ Consists of members who are part of a statewide approach to all aspects of grant implementation

▶ Members are selected based on their subject matter and implementation expertise along with their current work and how it supports the goals of SOC V

▶ Articulates the vision and mission of the grant to the implementation regions

▶ Supports use of implementation science as the means to create cohesion and alignment across agencies and major initiatives in the state

▶ Examines the impact of policy, funding, and regulations on the system and makes recommendations to the governing body (SIAC).

2/3/2020
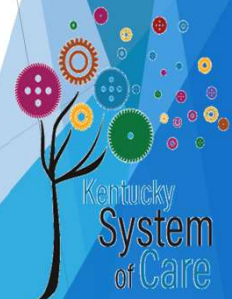

Goal #1

Regional GMITs

- Consist of members from agency staff and other partners such as RIAC member agencies, family-run organizations, and state partners
- Develop linked regional and agency implementation teams
- Connect to the State GMIT
- Develop regional and agency expertise to refine or create internal and collaborative protocols (referral pathways, information sharing mechanisms)
- Review regional SOC implementation progress and make recommendations to RIAC
- Led by SOC Implementation Specialists

## Goal #1

SOC Implementation Specialist

- 1 per DCBS region
- Co-locate in DCBS Service Region Offices
- Establish Regional GMIT
- Serve as the lead of the Regional GMIT
- Report grant activities to State GMIT
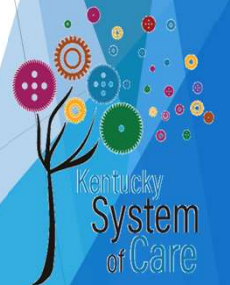

Goal #1

Grant Management and Implementation Teams (GMIT)

▶ Meet at least monthly throughout the life of the grant
▶ Support service delivery to population of focus
▶ Submit annual SOC report and recommendations
▶ Assist with the creation and implementation of the Strategic Financing Plan
▶ Collect, review, and report utilization management data to the SIAC, CW transformation work groups, and other relevant entities on a quarterly basis to ensure that resources are invest at both the state and community levels.
▶ Expand the Respite Tracking and Monitoring System to include providers who serve a population outside of the foster care system.
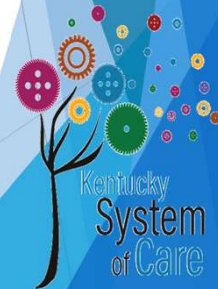

Next Steps

Breakout Session: 45ish minutes

▶ Look at current RIAC Action Plan & discuss challenges and barriers
▶ Review regional data to assess needs
▶ Using the data, brainstorm with the group about possible activities that could be included on the Action Plan
▶ Discuss what the Regional GMIT team might look like? Discuss what agencies/roles are needed to do the work of the grant.

Reconvene to report out
